

EXCITING UPCOMING EVENTS!

Greetings neighbors and friends of the South Wedge,

We have been working diligently to schedule events and make alliances in the community. We are actively working with organized groups in our neighborhood to assist them with NIA grants.

We have been busy at SWPC scheduling programming, and we'd like to share our upcoming events. We try to offer free events, but your donations and sponsorships help keep that a reality.

Please check out our calendar for more information about upcoming events including workshops for renters and homeowners.
